Technical Data

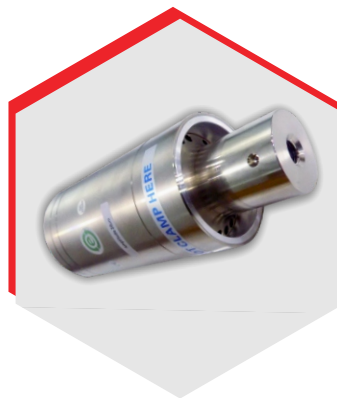

◆ Model	EDP-101-135-060
◆ Brand	Sheetal Sonic
◆ Technology	Ultrasonic
◆ Accuracy	Good
◆ Efficiency	Excellence
◆ Power	2000W
◆ Frequency	20Khz
◆ Weight	1.550Kg

Specifications:

- ◆ The **CR 20** is part of Branson's ultrasonic product line and is commonly used in a variety of applications, such as ultrasonic cleaning, material welding, or even ultrasonic mixing.
- ◆ **EDP No. 101-135-060** refers to a specific product or serial number, which helps identify and track the particular unit.

- ◆ High Quality Product
100% Genuine Products

Summary:

- ◆ The **Branson CR 20 Converter/Transducer (EDP No. 101-135-060)** is a part of Branson's ultrasonic cleaning and welding systems, typically used in industrial or laboratory settings for processes like ultrasonic cleaning, welding, or material bonding. these devices convert electrical energy into ultrasonic mechanical vibrations.

At **Sheetal Enterprises**, we take pride in our expertise in designing and manufacturing high-quality Ultrasonic Converters. As part of our broad range of ultrasonic technology products, our ultrasonic converters are engineered to offer outstanding performance, durability, and precision. Our products are designed to cater to a wide range of industries, offering solutions that are not only efficient but also cost-effective. By focusing on customer satisfaction, we make sure our ultrasonic converters provide optimum energy conversion, improving productivity and reducing downtime.

Our Factory is Located on **Kathwada** & Also Another **Bavla** in Gujarat State of India.
