Technical Data

◆ Model	Branson Converter/Transducer 4TR
◆ Brand	Branson
◆ EDP NO	101-135-042
◆ Technology	Ultrasonic
◆ Accuracy	Good
◆ Efficiency	Excellence
◆ Frequency	20Khz
◆ Power	400Watt

Features:

- ◆ Genuine Branson OEM replacement converter
- ◆ Optimized for 20 kHz ultrasonic systems
- ◆ Ensures high energy transfer and stable performance
- ◆ Provides excellent vibration consistency for strong welds
- ◆ Durable construction with high thermal resistance
- ◆ Easy to install and requires minimal maintenance

Description:

- ◆ We offer the **Branson Converter/Transducer 4TR**, a genuine OEM replacement converter designed for Branson 20 kHz ultrasonic systems. This high-quality converter ensures superior energy transmission, consistent amplitude output, and exceptional vibration stability for reliable ultrasonic welding performance. Built with precision and durability, the 4TR model provides excellent heat resistance and long operational life, making it ideal for continuous industrial applications such as welding, sealing, and cutting.
