

TELSONIC

Ultrasonic Converter

20Khz

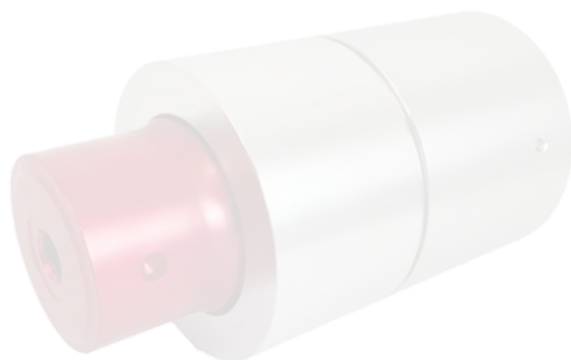

Technical Data

◆ Model	Telsonic
◆ Brand	Sheetal Sonic
◆ EDP NO	2050A
◆ Technology	Ultrasonic
◆ Accurancy	Good
◆ Efficiency	Excellence
◆ Frequency	20Khz
◆ Weight	3.5-4.0 Kg

Features

- ◆ Genuine Telsonic OEM replacement converter
- ◆ Superior vibration consistency for clean, precise welds
- ◆ High thermal resistance for continuous production operations
- ◆ Durable construction with low maintenance requirements
- ◆ Trusted globally in ultrasonic welding, cutting, and sealing systems

Description

- ◆ We offer the **Telsonic Ultrasonic Converter SE-2050A**, a high-quality OEM replacement part designed for Telsonic ultrasonic welding systems. Engineered for superior performance and long operational life, this converter provides excellent energy transmission, consistent vibration output, and outstanding reliability across a range of industrial applications.
